B572 Surface attached adjuster cross hole type PAT.P

Adjuster cap

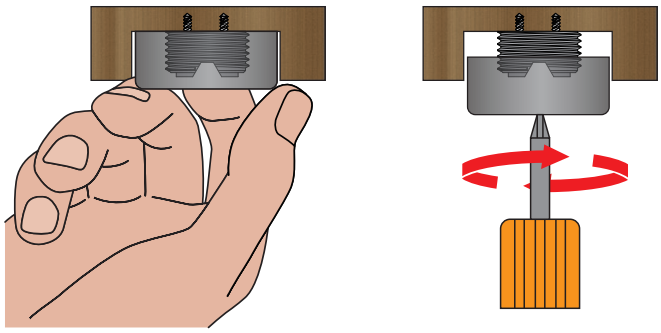
B572-25-WH

B572-25-BL

Adjuster seat

New adjuster with cross hole!!

Can adjust using a driver, even where you can't turn with finger



- Having cross hole makes it possible to use a driver at even small place not turning by finger
- Impositioning makes it unnecessary to process into wooden part
- Size is ϕ25 It's possible to install on verious kinds of places
- Installation is easy. Even if it needs an adjuster, it's possible to install with only a driver.
- Superial material being durable for low temperature, so it's not broken easily
- Adjustment width 5mm
- Recommended screw/round screw for wood ϕ3.5, Pan head screw ϕ3.5
- Indoor use
- Finishing/ White・Black
- Material/ POM

※Load capacity is static load Caution: It might happen to be broken if it gets shock within its load capacity

- Please refrain to use things such as a chair or sofa expecting shock When you use, use in a tightened state a cap

Specification dimension Unit : mm

Product number	Specification	Load capacity (kg)	Quantity
B572-25-WH	White	150	240
B572-25-BL	Black		
B572-25-PL	WH／BL (seat)	-	
B572-25-CP	WH／BL (cap)	-	

If the movement of adjustment is hard, tighten a screw of adjustment seat so that it does not wobble.
Caution: Using an impact driver, if you screw too tightened, movement of adjustment might become hard.
